

Legal Disclaimer for SPX Vertical Options

This Legal Disclaimer ("Disclaimer") governs your use of the information, services, and products (collectively, "Services") provided by SPX Vertical Options ("we," "us," or "our") through our website www.spxverticaloptions.com and any associated platforms. By accessing or using our Services, you acknowledge that you have read, understood, and agree to be bound by the terms of this Disclaimer. If you do not agree with this Disclaimer, you must not use our Services.

1. No Financial Advice:

The information provided by SPX Vertical Options, including but not limited to options copy trading information, trade alerts, market analysis, articles, and educational materials, is for informational and educational purposes only. It is not, and should not be construed as, financial, investment, legal, tax, or other professional advice. SPX Vertical Options is not a registered investment advisor, broker-dealer, or financial analyst, nor are we licensed to provide financial advice.

The content provided is general in nature and does not take into account your individual financial circumstances, investment objectives, risk tolerance, or suitability. You should not make any investment decisions based solely on the information provided by our Services. Before making any financial decisions, you should consult with a qualified and licensed financial advisor or other professional who can assess your specific situation.

2. High-Risk Investment:

Trading in financial instruments, including options, carries a high level of risk and may not be suitable for all investors. Options trading is inherently speculative and involves substantial risk of loss, including the potential loss of your entire investment. You should be aware of and fully understand all the risks associated with trading options before engaging in such activities. Do not trade with capital you cannot afford to lose.

3. Options Copy Trading and Trade Alerts:

Our Services may include information related to copy trading strategies and trade alerts.

* Copy Trading Information: Any information provided regarding copy trading is for informational purposes only. Copying the trades of others involves significant risks. There is no guarantee that by copying trades you will achieve similar results to the trader being copied. Your results may differ materially due to various factors, including but not limited to market volatility, execution speed, slippage, commission costs, and

your own account settings and available capital. You are solely responsible for any decisions to copy trades and for managing your own trading activity and risk.

* Trade Alerts: Trade alerts are provided for informational purposes only and do not constitute a recommendation to buy or sell any specific security or option. We do not guarantee the accuracy, timeliness, completeness, or usefulness of any trade alerts. Market conditions can change rapidly, and alerts may be delayed or may not be sent for every potential trade. Reliance on trade alerts is solely at your own risk.

4. Past Performance is Not Indicative of Future Results:

Any past performance data or results, whether of our own strategies, hypothetical trading, back-testing, or trades copied from others, that may be discussed or shown in our Services is not indicative of future results. There is no guarantee that any trading strategy or alert will be profitable or will not result in losses. Historical performance is not a reliable indicator of future performance.

5. Hypothetical or Simulated Performance Results:

Hypothetical or simulated performance results have inherent limitations. Unlike an actual performance record, simulated results do not represent actual trading. Also, since the trades have not actually been executed, the results may have under-or-over compensated for the impact, if any, of certain market factors, such as lack of liquidity. Simulated trading programs, in general, are also subject to the fact that they are designed with the benefit of hindsight. No representation is being made that any account will or is likely to achieve profits or losses similar to those shown.

6. No Guarantees or Warranties:

SPX Vertical Options makes no guarantees or warranties of any kind, express or implied, regarding the accuracy, reliability, completeness, timeliness, or suitability of the information provided through our Services. We do not warrant that the Services will be uninterrupted or error-free. All information is provided "as is" and "as available" without any warranties.

7. Limitation of Liability:

To the maximum extent permitted by applicable law, SPX Vertical Options, its owners, officers, directors, employees, affiliates, and agents shall not be liable for any direct, indirect, incidental, special, consequential, or punitive damages, including but not limited to, loss of profits, revenue, data, or use, incurred by you or any third party, whether in an action in contract or tort, arising from your access to, use of, or reliance on any information provided by our Services, or from any investment decisions made based on

such information. This limitation of liability applies even if SPX Vertical Options has been advised of the possibility of such damages.
